

THE SAFETY OF THE COMMUNITY MATTERS.

You are invited to a workshop...

Street Story

hosted by The Office of Traffic Safety (HCIDLA)
West Latino Resource Center
UC Berkeley's SafeTREC

Meet with the Berkeley Team

February 25, 2020

Workshop: 8:30 AM - 12:30 PM

Felicia Mahood Multipurpose Center

11338 Santa Monica Blvd., Los Angeles, CA 90025

Keep the pedestrians and bicyclists of your community safe!

At this workshop, you will *learn how to "walk your neighborhood"* to find out how safe the streets & sidewalks are for the pedestrians and bicyclists in your community. You can then share this information with your local schools, senior centers, and your neighborhood and city council representatives!

Who can come to this workshop?

All residents of the Santa Monica community are welcome, including schools, community centers, & faith-based organizations. We encourage those with platforms to let parents & seniors know about this learning opportunity.

Registration

Trish Makris

West L.A. Latino Resource Organization
