

Report Pedestrian and Bike Safety Issues in The Bay Area

Pedestrian and Bicycle Safety Reporting in The Bay Area

Using the link below, report locations where you have been hit or almost hit by a car, truck, motorcycle or bicycle, or generally felt unsafe while walking or bicycling in The Bay Area. Your reports will help city officials and researchers understand how to address safety concerns in an equitable way, and you may also be entered to win a gift card for participating!

Results will be integrated into reports for a research study at UC Berkeley. Funding for this program was provided in part by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.

Report unsafe locations:
