

Street Story: Self-Reporting Transportation Safety Issues

Pedestrian and Bicycle Safety Reporting in Arvin

Help create a safer and more accessible Arvin! Street Story is a new website where you can report places where you feel either safe or unsafe walking or biking, where you had a near-miss, or where you were in a crash.

Your participation can help improve pedestrian and bicycle safety in your community.

To make a report, visit:

<https://streetstory.berkeley.edu/city/arvin>

Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
